New vendor information: Get your registrations in early to make sure you can get a site. Be sure to give contact information & list of merchandise you are selling. Waiting until just before the discount cutoff or showing up at the last minute once the show starts no longer assures you that a site will be available. And if one is available, by chance, it is likely to be in a less traveled area.

??? Got questions. Call before you mail!!! Contact Carol or Jim at (440) 233-6828 or ki8im@oh.rr.com . Please leave name, phone number & a brief message. This phone number may also be used during set up or the show. We will be happy to show you to your site or handle any issues for you.

Important Flea Market Information

- **Do not wait until the last minute to reserve sites especially in the prime areas or if you need electricity.**
- **Current vendors seeking to add extra spaces *should only send in money for the number of spaces you currently have.*** If the additional spaces requested are available, you will be contacted and told to send in the additional fee. Once the additional money is received, your confirmation and passes will be mailed.
- **Vehicles parked inside grounds (1) must be on your site(s) unless other arrangements have been made with the flea market staff and (2) signed vehicle pass with contact phone number must be displayed in your front window. If you have other people coming to help you sell, you may order extra gate passes to get them in to unload merchandise, but if there is not enough room for them to park on your site, they must park in the visitor lot outside the fence. Gate passes are limited to two per site.**
- **Handicapped parking is available adjacent to the flea market areas in the blacktopped handicap lot at the south end of the fairgrounds near the steam engine area. There will no longer be parking on the grass near the front gate as that area will be used for auction items.**
- **Camping on flea market sites** with motor homes, trailers, truck campers, or tents capable of holding 3 or more people is permitted. **Camping fee: \$40 for the weekend** (electric included, if available). This is in addition to your site fee. Please send in your camping fee when you pay for your site and designate whether you are camping on site to ensure you keep your current site if it's in an area having electrical hook ups or in large campground. Please note **if you have more than one camper on your sites**, please send in the appropriate amount for camping or you may risk losing those spaces next year.
- Those **not camping, but needing electric for their displays** will continue to pay the **\$15 electric fee** for the weekend in addition to their site fee.
- **One-day-only vendors: \$20/day** no discount; sites will not be in the prime sale areas of the flea market.
- **Set up Wednesday after 5pm if sites are marked & ready for occupancy.** If the weather has been rainy, check website or call us.
- We will no longer be expanding the flea market area. Once all sites are filled, vendors may be placed on a **waiting list** & their checks will be held until we are sure we will not be able to accommodate them. If cancellations occur, vendors will be notified in the order their funds were received. If no sites are available, checks will be returned & 2018 contracts will be extended to those unable to obtain a site for the 2017 show.
