

**LAGRANGE  
ENGINE CLUB**

LaGrange Engine Club, Inc.  
PO Box 91  
Lagrange, OH 44050

July 6, 2020

Dear members, guests, vendors, and sponsors,

With deep regret, the Executive Board of the LaGrange Engine Club made the painful decision to cancel the 2020 show scheduled for September 18-20, due to COVID-19.

This decision did not come easy. The safety and health of our entire community, volunteers, members, exhibitors, and guests is our first priority and always on the top of our minds when making our decisions.

With an extra year to plan, we look forward to a great show in 2021. We will move full steam ahead with the features planned for our 2020 show including Red vs. Green, Baker stationary engines, and Ohio-built steam engines. We look forward to seeing you all next year.

Stay safe!

All the best,

Nate Snook, Chairman
