

11/15/2020

Lagrange Engine Club Members,

It is with deep regret that the following Lagrange Engine Club Board Members have resigned their positions, effective immediately, at a special Board meeting held November 15, 2020.

Nate Snook
Matt Mole
Stacie Mole

The above named Board Members feel the resignations will allow the Club to continue in an undivided manner for the time being, as there is a concerted effort to cause division inside the Club.

Additionally, with the COVID 19 pandemic causing the cancellation of our 2020 show and having recently held elections for 2 of the Board positions expiring in February, the above named Board Members do not feel that the resignations will significantly harm the short term direction of the Lagrange Engine Club.

All resigning Board Members wish the Club well and will continue on with the Organization in a reduced level of active involvement.

Please direct all Club related questions to the remaining Board Members listed below who will be filling the vacant positions.

Bob Schworer
Bob Gordon
Laurie Spahr
Andy Weigel
